Product description

Used shopping trolley measuring 1050x590x1030 mm. Fits perfectly. between aisles and is flexible in various environments. This shopping trolley is not only suitable for use in shops, but can also serve as a warehouse trolley. With its robust construction and spacious holds, this trolley offers several advantages in a warehouse environment: The electrolytically galvanised construction offers durability and protection against rust. With four rubber castor wheels, this trolley rolls smoothly over a variety of floor surfaces, making it easy to move and reducing strain. With crate carrier at the bottom, this shopping trolley offers additional storage space. The ability to nest the shopping trolleys together allows efficient storage and space saving when not in use.
