Technical information

Productnumber : 12-M1EURDLF

Product description

The Master Lock Laminated Padlock features a 45mm wide laminated steel body for maximum strength and reliability with stainless steel and zinc exterior components for weather resistance. The 8 mm diameter octagonal shackle is 38 mm long and made of Tough-Cut Boron Carbide, 50% harder than hardened steel, for maximum resistance to cutting and sawing. The 4-pin cylinder prevents prying open and the double ball bearing lock offers maximum protection against prying and slamming.

- Tough-Cut Octagonal Boron-Carbide shackle is 50% harder than hardened steel
- 38mm shackle length for greater versatility
- Dual-Armor protection: 45mm laminated steel core for strength surrounded by stainless steel and zinc outer components for weather resistance .
- Lock with double ball bearing for optimal protection against prying
- Reinforced bumper around the housing to protect against scratches
- Cylinder with 4 pins for increased protection against lock picking

Specifications

Article arrangement: New

Version: with reinforced bumper

Width (mm): 45

EAN Code (Gtin) 8719424174052

Type: padlock

Material: steel

Type number: M1EURDLF
