Technical information

Productnumber : 38-FB6420-E2-D

Product description

Plastic stacking box E2 meat crate 600x400x200 mm 41 liters red. These meat crates are the standardized crates for the meat processing industry, also called pool E crates and can be used between temperatures of -30°C to +80°C. The meat crates meet the most recent EHI and DIN 55 423 standards. Equipped with a smooth bottom, making the meat trays suitable for use on roller conveyors.

Easy to clean, comply with hygiene HACCP for food industry production processes. Resistant to the most aggressive chemicals, acids and alkalis. HDPE plastic is tasteless/odorless and ensures a long life. 4 open handles for a pleasant handling. There are air perforation holes around the top for ventilation and cooling. All walls are studded for easy placement and removal of labels and stickers.

Specifications

Article arrangement: New

Version: E2 meat crate with open handles

Walls: open handles

Food-safe: yes

Colour: red

Internal length (mm): 578

Internal width (mm): 358

Internal height (mm): 195

Weight (kg) 2

Temperature resistance: -30/+80°C

EAN Code (Gtin) 8719424073560

Type: stackable

Material: HDPE

Floor: closed

Euronorm (mm): 600 x 400

Length (mm): 600

Width (mm): 400

Height (mm): 200

Volume (ltr): 41

Type number: 38-FB-E2

Additional specifications: suitable for food industry
