## Technical information

**Productnumber : H87301-V**

### Product description

These TÜV certified stacking racks can be used as mobile storage racks. Available in various versions, but above all flexible in height. The loading floor is designed for all standard pallet sizes, voluminous or goods that are difficult to palletise.

You can determine the height of the stacking racks yourself by choosing from different stanchion lengths. To determine the useful height (read: height to be loaded), take the total stanchion length minus 170 mm (example: stanchion length 1680 mm - 170 mm = 1510 mm). Of course, deviations from the standard lengths are possible, please contact us for the possibilities.

### Specifications

Article arrangement: Rental  
Version: suitable for stanchions 60.3  
Floor: open lattice frame  
Surface treatment: galvanized  
Internal length (mm): 1300  
Internal width (mm): 930  
Insertion height (mm): 100  
Weight (kg) 33  
EAN Code (Gtin) 8719424052626

Type: mobile storage rack TÜV  
Material: steel  
Colour: colorless  
Length (mm): 1530  
Width (mm): 1165  
Height (mm): 300  
Loading capacity (kg): 2000  
Type number: 87301
