Technical information

Productnumber : 87303-1200-V

Product description

Nestable stacking rack made of hot-dip galvanized steel. These stacking racks can be used as mobile racks in combination with stanchions. Available in various versions, but above all flexible in height.

You can determine the height of the stacking racks yourself by making a choice from the stanchion lengths below. To determine the useful height (read: height to be loaded), take the total stanchion length minus 170 mm (example: stanchion length 1680 mm - 170 mm = 1510 mm). Of course, deviations from the standard lengths are possible, please contact us for the possibilities.

Specifications

Article arrangement: New
Version: suitable for stanchions 42.4
Floor: open lattice frame
Surface treatment: galvanized
Internal length (mm): 1120
Internal width (mm): 915
Insertion height (mm): 100
Weight (kg) 27
EAN Code (Gtin) 8719424026030

Type: mobile storage rack
Material: steel
Colour: colorless
Length (mm): 1200
Width (mm): 1000
Height (mm): 385
Loading capacity (kg): 1000
Type number: 87303-V
