Product description

The Falco is designed for intensive use. The robust, shaped treads are ideal for any professional task. The self-unlocking hinging system makes the stepladder particularly handy and easy to use. Quick to use, quick to clear away.

The grey coating is not just stylish, it is also dirt-resistant and does not come off on your hands. Strengthening braces and large anti-slip feet ensure stability. The safety guardrail is not just safe, the tray on the rail also gives you somewhere to store your tools.

The Red Step® on your ladder/steps indicates the height at which you can safely work. In the blink of an eye, you can clearly see how high you can go.
