Technical information

Productnumber: 55-S4-AB220

Product description

TÜV certified extension section consisting of a new type 55 shelving rack. To install this extension section, at least one basic section is required (55-S4-1M220), after which infinite expansion is possible. A storage rack with a TÜV certificate or TÜV quality mark is confirmation that a storage rack meets the requirements set in legislation, standards and quality marks.
