Technical information

Productnumber : 99-252

Product description

Demountable and stackable wire basket made of electrolytically galvanized steel wire. Equipped with a load capacity of 25 kg. Features a front grab opening for easy access to contents. The wire basket has one adjustable divider to distinguish two or more different products. The wire basket is very easy to assemble and disassemble which provides a significant volume reduction when not in use. These wire baskets are great for grab stock, displaying goods or for a store display.

Specifications

Article arrangement: New
Version: with grip opening
Colour: colorless
Length (mm): 960
Height (mm): 480
Weight (kg) 9.6
Type number: 0252

Type: with separation wall
Material: steel wire
Surface treatment: electro-galvanized
Width (mm): 500
Loading capacity (kg): 75
Stacking load (kg): 200
EAN Code (Gtin) 8719424036466
