Technical information

Productnumber : 98-7162GB

Product description

Used collapsible mesh container. With the dimensions folded up: 1200x800x900 mm and collapsed: 1200x800x305 mm. This mesh container is stackable both collapsed and unfolded. It allows the containers to be stored in different configurations. With a flap on the long side, it facilitates access to the container's contents even when stacked. With a capacity of 636 litres, this mesh container offers space to store various goods.

Note! Bottom plate is not fully welded to the container frame.
