Product description

Used mesh container measuring 1240 x 830 x 970 mm. The container has one flap on the long side for easier access to the contents of the mesh container. With a Euronorm of 1200 x 800 mm, this container fits ideally in standard logistics systems where these dimensions are also used. These mesh containers are also stackable; thanks to the flap on the long side, the contents remain accessible even when stacked.
