

Productnumber: 716NBS31SR1660

Product description

Galvanized steel nestable roll container with 2 swivel (braked) and 2 fixed rubber wheels. These wheels are made of elastic rubber and offer excellent driving comfort. The roll container is equipped with a folding floor. Thanks to the a-frame undercarriage, several roll containers can be compactly slid into each other. The 2 side walls can be hinged inwards and the shelf can be folded to the side by means of a spring technique. This saves you considerable space during storage and transport.

Specifications

Article arrangement: New Version: A-nestable

Floor: steel

Subgroup: 3-Sides

Shelves: 1 * possibility to hinge Surface treatment: electro-galvanized

Internal length (mm): 673 Internal width (mm): 794 Internal height (mm): 1428 Application: incl. 1 level
