Technical information

Productnumber : 12-3245EURDAT

Product description

An elastic cord with a length that can be adjusted from 0.60 m to 1.20 m which makes it more flexible for use. The hooks are extra large and can rotate 180° without stopping. It can be attached to anything without effort. The extra long elastic cord holds the load securely.

- The hook is easy to use and can rotate 180° for more flexibility
- Elastic cord with extra strong hook with steel inside for 50 kg resistance
- Length can be adjusted from 0.60 m to 1.20 m
- Hook is covered with plastic which makes it safer to use and prevents scratches

Specifications

Article arrangement: New
Version: elastic, with 2 hooks
Length (mm): 1200
Type number: 3245EURDAT

Type: retaining strap
Material: steel/plastic
Width (mm): 40
EAN Code (Gtin) 8719424226713
