Technical information

Productnumber : 42.222.24.380

Product description

Manually operated barrier with integrated gas pressure spring for high ease of use. This 6.3 meter long barrier can be locked by means of a cylinder lock and is painted red/white. The modern look, the high quality standards and the already fully equipped standard version leave nothing to be desired:

- All steel parts galvanized and red powder coated
- Wide aluminum boom (90 x 60 mm), with anti-seat strip and reflective strips.
- Including round cylinder with 2 keys

Dimensions:

Turning post: 220 x 100 x 1,000 mm

Base plate: 295 x 295 x 10 mm

Aluminum boom: 90 x 60 mm

Maximum length: 6,350 mm

Specifications

Article arrangement: New

Version: with pressure gas spring/stabilizer - 6320 mm wide

Subgroup: Barriers

Surface treatment: painted

Height (mm): 1000

Type number: 42-SLGHB

EAN Code (Gtin) 8719424060478

Type: barrier

Material: steel and aluminium

Colour: white/red

Width (mm): 6320

Weight (kg) 120

Additional specifications: including key
