Technical information

Productnumber : 99-UN604037-E

Product description

Our UN certified containers have been tested under the most severe conditions by an external laboratory and approved for the transport of batteries, airbags and hazardous substances and liquids within packing groups I, II and III.

- The UN certified container has an interlocking lid design saving up to 10% when storing or transporting empty containers.
- Multiple colors are available, as well as digital & hot foil printing (MOQ applies).
- Any of the UN certified containers can be used to store liquids transport using an insertable UN-certified bag.
- Thanks to the integrated straps that are permanently attached to the container, hazardous substances can be stored and transported easily and safely in a UN-certified manner.

Specifications

Article arrangement: New

Version: provided with lid consisting of two parts

Walls: walls closed

Top: with 2-part lid

Euronorm (mm): 600 x 400

Length (mm): 600

Width (mm): 400

Height (mm): 365

Loading capacity (kg): 45

Weight (kg) 3

Type number: 99-UN

Type: nestable and stackable

Material: polypropylene

Floor: closed

Food-safe: no

Colour: orange

Internal length (mm): 540

Internal width (mm): 360

Internal height (mm): 330

Volume (ltr): 65

Options: UN approved

EAN Code (Gtin) 8719424189742
