Technical information

Productnumber : 98-6920GB

Product description

Economical combination set of 1 stacking rack including 4 stanchions of 1640 mm total length. Indispensable in any warehouse! These used stacking racks can be used as mobile warehouse racking. The loading floor, equipped with flat steel plate, is designed for all standardized pallet sizes, bulky or just difficult to palletize goods. An indispensable logistics solution for almost any warehouse or business logistics. Think of environments such as the metal industry, large construction, small construction, production companies and the automotive industry.
