### Product description

Assortment cabinet with 1 tilting drawer. The grey (RAL 7035) housing of the assortment cabinet has a size of 300x155x175 mm. On the inside there is 1 tilting drawer made of polyethylene terephthalate (PET), measuring 255x107x105 mm. The removable tilting drawer provides a structured storage solution for small parts, tools and accessories, keeping the workspace neat and organised. With a temperature resistance of -50°C to +150°C, this cabinet is suitable for extreme temperature environments, such as workshops where temperatures can vary. The polypropylene casing offers durability and shock resistance, making the cabinet suitable for demanding workshop environments where rough handling or sudden impact may occur. The polyethylene terephthalate (PET) drawer adds extra strength and withstands high loads, making the cabinet suitable for storing heavier tools and parts. Suitable for food contact.
