## Technical information

**Productnumber : 75.100.542.412**

### Product description

PU (solid) wheel with a diameter of 400 mm and a width of 8 mm, designed for wheelbarrows. With a plastic core. Due to ball bearings in the steel tube, the wheel turns smoothly. This wheel offers stability even under heavy loads. A load capacity of 150 kg , take care not to leave this weight loaded for a long time, there is a risk of the tread 'flattening' to a bit straight at the contact point with the floor.

### Specifications

Article arrangement: New  
Version: 400\*80 mm  
Colour: grey/black  
Wheel bearing: ball bearing  
Wheels diameter: 400

Type: air tire  
Material: solid rubber tyre  
Width (mm): 80  
Type number: 100.542.412
