Technical information

Productnumber : 98-7207GB

Product description

Used packing table measuring 1000x2000x1680 mm. The wooden worktop provides a sturdy surface to work on, while the shelf under the table offers convenient storage space for a computer or other supplies, keeping the workspace organised and essential tools within easy reach. Whether packing small parcels or larger shipments, this packing table provides a comfortable and functional workstation for smooth and efficient order processing. With its robust construction and convenient design, it is the ideal solution for any packing or shipping department.

Specifications
